

AP Physics B Summer Reading List
Leigh High School
2008-2009

Please read “The Physics of Superheroes” by James Kakalios.

Afterwards, write a 500-word book report/analysis of the book. In your analysis include what you found to be most interesting. What new information did you learn from the book? Would you recommend this book to a friend? Do you have any questions after reading the book?

Your book report/analysis is due on the first day of class.

If you have any questions this summer, please email me at cbarrow@cuhsd.org.

Happy reading! See you in August.

Mrs. Barrow
